

•  
Super-fast standalone network scanner that's powerful and easy to use

#### Dedicated network scanner

The Canon imageFORMULA ScanFront 400 is the ultimate network scanner helping to streamline document workflows. The simple interface allows quick and easy scanning to email, network folders, FTP, USB memory, fax, or printers directly from the scanner's bright and responsive 10.1" (25.7 cm) TFT touchscreen – no additional hardware or software is required.

#### Ideal for every business

Its desk-friendly size, elegant design and quiet operation make it well-suited for both back office use and customer-facing counter tops in retail, banking, healthcare and the legal profession. Small businesses can benefit from documents being quickly digitalised and saved to a central database. A network of ScanFront 400 scanners can be integrated into existing infrastructure of large corporations allowing for decentralised scanning.
