BLM50 and BLM35 Production Booklet makers

Professionally finished booklets for demanding production environments

The BLM50 and BLM35 Production Booklet makers are modular in-line booklet making solutions for centralised reproduction departments and commercial print providers, both large and small. Print professionals can choose from a range of cost-effective options to support their application requirements as the systems feature unique technologies that deliver professionally finished booklets that satisfy today's market requirements.

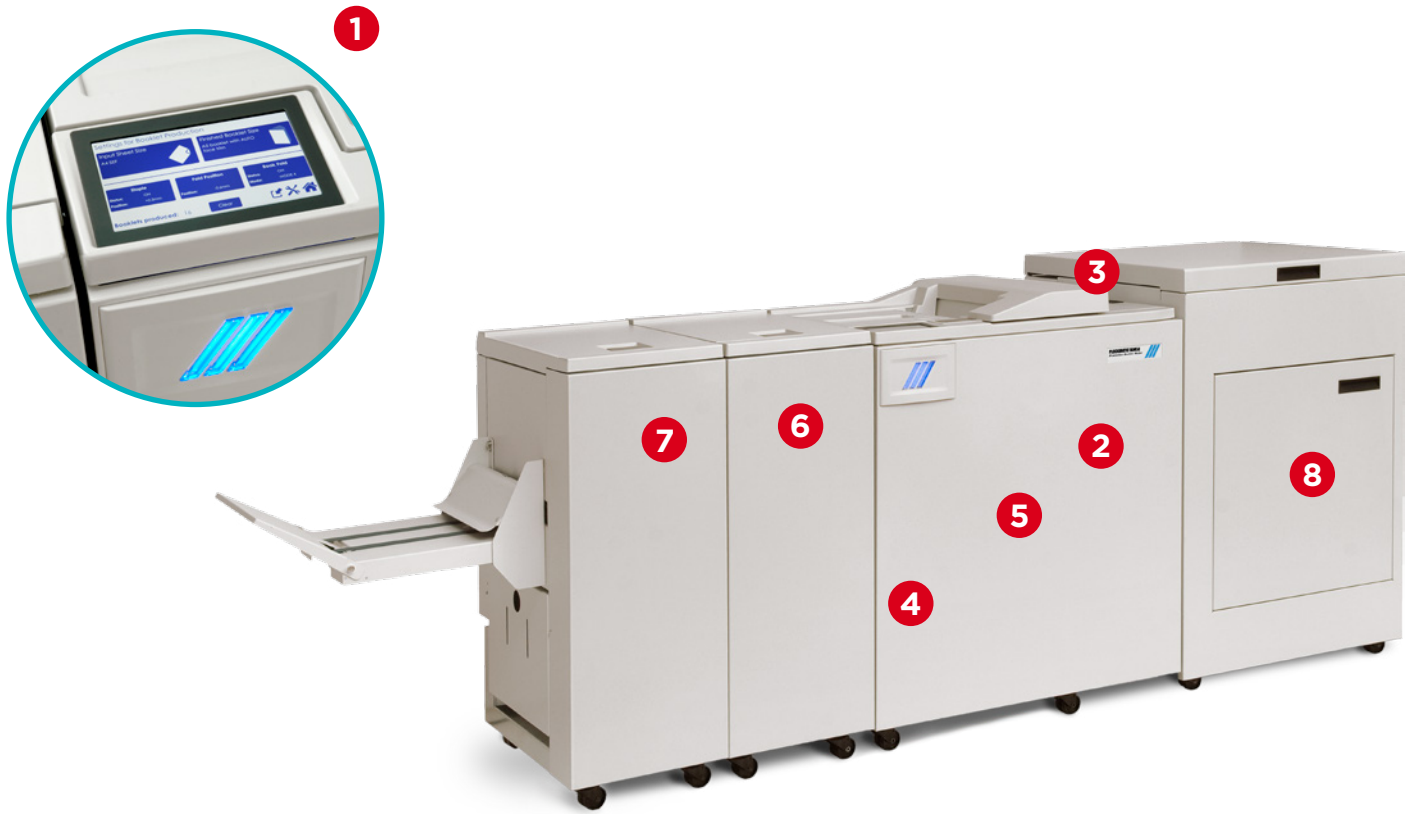

The BLM50 and BLM35 Production Booklet makers are designed to create eye-catching applications with coated, uncoated and textured paper stocks.

Key Features

- 50 sheets or 35 sheets Production Booklet making systems (80 gsm paper)
- Makes professional 200 page (or 140 page) saddle-stitch and square fold booklets at rated engine speed
- Supports up to 300 gsm coated or uncoated media for a wide variety of applications
- A high precision face trimmer module allows you to trim the shingle effect off the booklet for a smart and professional look
- Exclusive features like Square Fold and Bleed trim capabilities
- Off-line mode enables manual booklet making from documents produced on other devices

The latest generation in digital booklet making

1 Intuitive Colour Graphical Interface

Operators are now guided through job setup with detailed graphics that can provide step-by-step guidance. Getting professional results using all the system's features has never been easier.

2 Booklet Maker

The standard configuration includes the Booklet Maker and output tray to create professionally finished applications. It provides set compiling, stapling, folding and stacking.

3 Hand feed capability

This standard feature allows pre-printed and collated output produced on other printing systems to be manually fed through the system. This capability adds flexibility to the workflow.

4 Fold mechanism

A newly designed patented fold mechanism gives a sharp fold for every application, resulting in professional looking documents every time.

5 Maintenance free staple heads

Hardwearing parts are built into the easy-to replace staple cartridge itself to minimise downtime.

6 Square Fold module (optional)

Adds the finishing touch with a square folded edge and printable spine. Gives booklets the professional look of a perfect bound book.

7 Face Trimmer module (optional)

Eliminates the 'shingle' effect that occurs with thicker booklets and provides a clean document edge.

8 Rotate Crease Trim (RCT) module (optional)

This unit provides professional looking, full bleed trimmed and creased booklets on the BLM50 or BLM35.

BLM50 and BLM35 Production Booklet makers

MAIN SPECIFICATION

Booklet Maker Specification (Standard)

Standard Paper Sizes

A4, A3, B4, 8.5"x11", 8.5"x14", 9"x12", 11"x17", 12"x18", SRA4, SRA3, Custom size possible

Paper Size (Min)

Width 206 mm Length 275 mm

Paper Size (Max)

Width 320 mm Length 457.2 mm

Paper Weight

uncoated (Min)

64 gsm

coated (Min)

105 gsm

Paper Weight (Max)

300 gsm

Set size (stapled folding)

2-50 Sheets BLM50, 2-35 Sheets BLM35 (80 gsm)

Set size (non stapled folding)

1-2 sheets

Off-line Use

Yes

Speed

Maintains engine speed during sheet collating

Power Source

100-230V 50-60Hz

Power Consumption

250W

Noise Emission

62dB

Rotate, crease bleed trimmer specification (optional)

Minimum trimming

5 + 5 = 10 mm

Maximum trimming

30 + 30 = 60 mm

Power Source

100-230V 50-60Hz

Standard

Paper Sizes

Same as BLM50/35

Asymmetrical trimming

Yes

Trimmer Specification (Optional)

Minimum trimming

1 mm*

Maximum trimming

25 mm

Power Source

From BLM50/35

Standard Paper Sizes

Same as BML50/35

The Trimmer support "multi-cut" operation. This allows customers to create a 105 mm long booklet cut down from a larger sheet size.

* When trimming SRA3 (450 mm) Booklets minimum trimming is 5 mm, when trimming 18" Booklets minimum trimming is 9 mm.

Square Fold Specification (Optional)

Paper Size (Min)

Same as BLM50/35

Paper Size (Max)

Same as BLM50/35

Set size (stapled folding)

Same as BLM50/35

Power Source:

From BLM50/35

Cover feeder Specification (Optional)

Paper Weight (Min)

64 gsm

Paper Weight (Max)

250 gsm

Cover Feeder Capacity

20 mm (approx. 200 sheets of 80 gsm paper)

Power Source

From BLM50/35

The Cover Feeder dimensions are included in the Booklet maker dimensions and will not add anything more to the space.

High capacity Belt stacker (Optional)

Stacks up to 1000 A4 sized booklets of 4 pages

Compatible devices
