

imageRUNNER C3025

COLOUR A3 ALL-IN-ONE FOR BUSINESSES THAT DEMAND PRODUCTIVITY, QUALITY AND VALUE.

A colour A3 multifunctional that's easy to use and ideal for reducing the administrative costs related to printing - a complete end-to-end document workflow solution for any office.

Assured Canon quality

The imageRUNNER C3025 is a colour A3 multifunctional offering a fast 25 pages per minute print speed and thanks to key technologies it becomes a valuable asset to any working environment all in a compact freestanding, offering. Canon's V² (Vivid & Vibrant) imaging technology ensures documents truly stand out from the crowd and the responsive 12.7 cm (5") colour touch interface delivers a quick and easy user experience. Thanks to mobile printing and scanning capabilities including Apple AirPrint™ and Mopria printing it not only supports new ways of working but promotes it.

Print Management made easy

Universal Login Manager (ULM) is designed to protect and optimise your device by providing simple, yet secure, user authentication options for device access control. ULM allows for print permissions to be established for users and delivers personalised workflows to drive productivity. In addition, simple reporting tools provide a powerful business insight into device and user activity and costs. Activation is required.

Control the total cost of print

Easy device management means a reduction in administrative costs for IT teams thanks to less time and effort needed to maintain the device, with automated meter collection, consumables management and remote diagnostics. Thanks to embedded support for Canon's uniFLOW software the imageRUNNER C3025 easily integrates as part of a larger fleet, letting you track and charge individual print jobs to people, locations, departments and projects, as well as providing per-user reports.

Fits any office environment

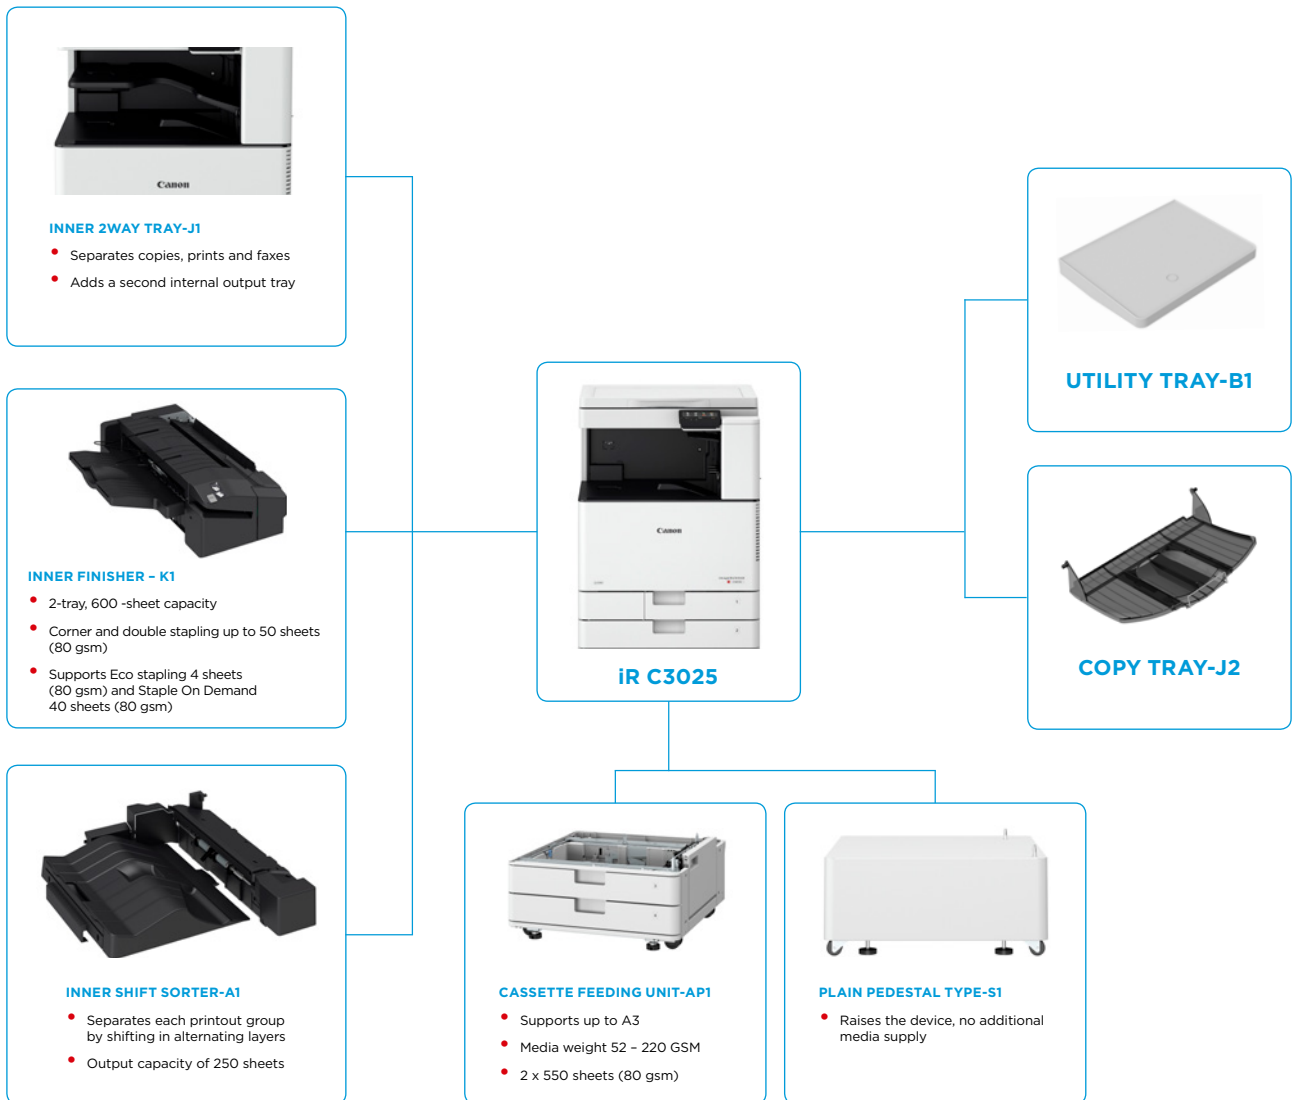

The imageRUNNER C3025's size and power make it a small but mighty document solution ideal for small workgroups within organisations of any size. Workflow integration, productivity and the option of 3-in-1 staple finishing are all available within the device's compact freestanding footprint, while adding the device to existing ecosystems is made simple with support for standards such as PCL and optional Genuine Adobe PS. Security is a priority in any modern working environment, ensure your information remains confidential with secure print, pin release and PDF password protection, plus optional uniFLOW adds further levels of security around your office eco-system.

Energy efficient

This ENERGY STAR® qualified device offers a class-leading TEC* rating and consumes just 1W or less in sleep mode. It is designed to be more energy efficient, reducing power consumption while in use and keeping its environmental impact to a minimum. The imageRUNNER C3025 demonstrates strong environmental credentials by also qualifying for the stringent Blue Angel award.
