

Readiris Pro 15

No retyping. No paper. Just smart documents.

Readiris™ Pro 15 is a powerful OCR solution designed for private users and independent workers. Use IRIS'OCR software to save the precious time you would lose retyping information from documents! Readiris 15 automatically recognizes the text and layout from an image, a PDF or a scanned document and turns it into an editable digital file instantly (Word, Excel, PDF, HTML, TXT, ePub, etc.).

Key features

- Convert scans, images and PDF files into editable documents
- Create, edit and merge multipage PDF files
- Compress searchable PDF files up to 10 times for optimized archiving and sharing
- Store and manage your converted files directly in the Cloud
- Access your smart documents from any computer, smartphone or tablet

Document to Knowledge™

A CANON COMPANY

Canon

Key benefits

Convert documents without retyping

- **Convert** your images or PDFs to Excel, Word, PDF, Audio files, eBook, etc.
- **Hyper-compress** your PDF files up to 5 times smaller than the original image size. Ideal for document archiving!
- **Automatically recreate complex layouts** – including images, tables, fonts, paragraphs
- **Powerful table recognition** – Extract lines, columns, figures and texts from any table found on an image or a PDF file and edit them in various spreadsheet applications
- **Over 130 supported languages** – including Latin, Asian, Arabic & Hebrew New: Benefit from our new Asian Character recognition engine
- **Advanced editing tools** – Edit and enhance your documents before the conversion process
- **Create your own eBooks** in .EPUB format ready to be read on any reader, tablet or smartphone.
- **Convert documents to audio files** (.WAV) to have your documents read out loud by your computer, smartphone or tablet. Ideal for visually impaired users.

Your complete PDF toolbox

- **Create searchable PDFs** – with a text layer ready to be searched
- **Edit PDF files** (New) - Correct text directly into Readiris before the conversion process
- **Add, delete, merge, & straighten PDF pages** (enhanced)
- **Sign and secure PDF files** (New)
- **Compress PDF files** – Reduce your PDF size up to 10 times

Back-up, work and collaborate in the Cloud

- Export your documents to popular Cloud hosting applications (Google Drive, Dropbox, Box, Evernote, OneDrive).
- Access your documents anywhere, anytime, safely!
- Easy to setup, easy to use – just register to your Cloud hosting service.
- Work and collaborate online - Edit and share your texts using services like OneDrive, Evernote or Google Drive.

Minimum computer requirements

For Windows®

- Intel® Pentium® IV PC or higher recommended
- Microsoft® Windows® 10, 8, 7, Vista® or XP
- 512MB RAM (1GB recommended)
- 120MB of available hard disk space
- Online connection or CD-ROM drive
